# **STRATEGIC PLAN**

**2023-2026**

## PILLARS

Municipal District of Fairview No. 136 Council worked collectively and collaboratively to develop a series of pillars they would like to focus on through this new Strategic Plan, before then identifying a series of goals aligned with each pillar.

Community Development

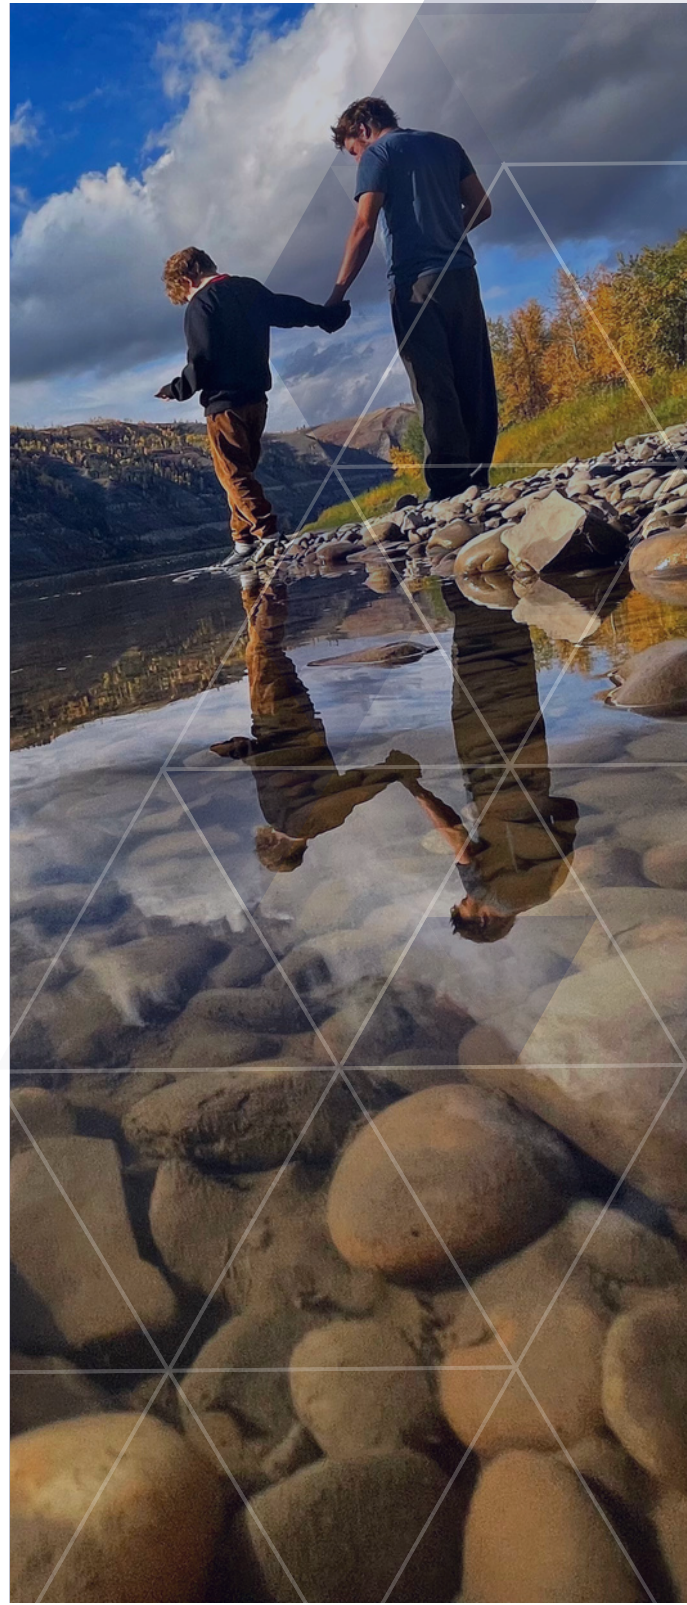

Regional Collaboration

Infrastructure

Operational Effectiveness

# MDFAIRVIEW

Strategic Plan 2023-2026

# COMMUNITY DEVELOPMENT

## GOALS

Residents have local access to medical practitioners

The MD has a streamlined development process, reducing red tape where possible

The MD has a formalized plan and process for supporting non-profit organizations

The MD has an updated Economic Development Plan

Council has a clear strategy on the topics and path forward for government advocacy

The MD is an active and trusted participant in maintaining and growing Northwestern Polytechnic

The MD advocates to the Provincial and Federal Governments for funding related to hydropower

The MD recognizes the importance of the airport for medical transport and economic development

# REGIONAL COLLABORATION

## GOALS

The MD continually looks for opportunities to provide municipal services in the most efficient manner, which may include regional service delivery

The MD works with regional neighbours on the development of a recreation board

The MD works with regional neighbours on the development of an airport board

The MD continues to investigate different management models for the Fairview Medical Clinic, through the Fairview Medical Operating Society

The MD has current Intermunicipal Collaboration Frameworks with regional neighbours

The MD looks for opportunities for regional government advocacy
